

Tick Data to Offer Historical Intra-Day Data on SIMEX Futures Contracts

WASHINGTON, DC (March 3, 2003) – Tick Data, Inc. announces the addition of SIMEX futures exchange data. Tick Data now has tick-by-tick history on Nikkei 225 and MSCI Taiwan Index futures contracts dating back to April 1997. The ticker symbols used by Tick Data for these new additions to their High-Frequency Database are 'EN' for the Nikkei 225 and 'TW' for the MSCI Taiwan Index. For more information or to place an order, please visit www.tickdata.com.

About Tick Data

Tick Data is the leading provider of historical intraday market data for investment professionals worldwide. Founded in 1984, Tick Data was the first firm to collect, process, and distribute historical tick-by-tick data for the futures markets. Its collection of global futures and index tick data extends back to 1974. In 2002, the firm expanded its coverage to include twelve years of tick-by-tick data on all U.S. equities. Additional information about the company is available on the web at www.tickdata.com or by phone at 703-757-1370.
